# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)

on JANUARY 6, 1980

- Export Shipments in  
Current Marketing Year

- Daily Sales Reported

JANUARY 7 - 13, 1980

--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of January 17 (based on reports from exporters for the week ending January 6, 1980.)

Wheat: Net new sales increased over last week's but were still well below earlier weeks' activity. Contract adjustments affected sales balances to a number of countries with switches from unknown to the USSR and Czechoslovakia the most significant. Exports climbed to 871,600 metric tons (MT), one of the largest volumes in two and a half months. Sales activity for marketing year (MY), 1980/81 now totals 2,203,700 MT.

Corn: Net new sales (571,200 MT) continued at last week's very low level. However, contract adjustments and destination assignments resulted in major changes in contract balances to both unknown and known destinations. Net new sales to the Soviet Union of 3,711,400 MT (primarily switch from unknown destinations) accounted for most of that switching activity. Exports continued in excess of a million tons.

Sorghum: The market remained quiet with few additional sales, and a decline in export activity to 189,700 MT. Spain, Japan, and Israel were the principal destinations.

Rice: Sales to Brazil and Nigeria highlighted the week's activity. Exports (79,300 MT) climbed to their highest level of the current MY with the Republic of Korea, Indonesia and Italy the major destinations.

Soybeans: Net sales increased by 404,800 MT. A destination change (263,800 MT) and new sales (75,800 MT) brought Soviet outstanding sales to 839,700 MT. New sales to the EC totaled 252,800 MT. Exports rose from last week's volume to 430,100 MT. Major destinations were the EC (188,300 MT) and Western Europe (91,400 MT).

Soybean Meal: Net sales increased sharply from last week totaling 190,300 MT. Major buyers included the EC (107,500 MT) and Eastern Europe (48,500 MT). Exports (110,300 MT), continued at near last week's pace. West Germany (29,200 MT); Bulgaria (17,900 MT) and Japan (16,400 MT) were primary destinations.

Soybean Oil: Net sales increased by 35,300 MT. Significant quantities were switched from unknown to the USSR and India. Exports totaled 19,100 MT with India (9,100 MT) accounting for about half.

Cotton: Sales were very slow. MY 1979/80 sales increased 44,500 RB principally to Taiwan-22,100 RB, Hungary - 7,200 RB, and Philippines - 5,500 RB. MY 1980/81 sales of 5,900 RB were mainly to Taiwan. Exports continued large with 188,100 RB being shipped - 30 percent to Europe and 68 percent to Asia, including 50,100 RB to China-Mainland.

Barley, Oats, and Rye: Showed no significant activity.

Data on Transactions reported under the daily reporting system for January 7-13, 1980 appear on page 6.
